CoastWide Solar is run by a local family who have been operating businesses on the Gold Coast for over 30 years. We are dedicated to providing high quality products and professional service; we strive for 100% customer satisfaction.

Coastwide Solar holds a Queensland Electrical Licence (number 81371) and is one of the longest established solar companies on the Gold Coast with over 2,000 satisfied customers to date.

Peter Finn, the owner and manager of Coastwide Solar, was born and raised on the Gold Coast and holds Clean Energy Council Design Accreditation. All of our installers are fully licensed electricians who also have CEC Design and Installation Accreditation, each with years of experience installing solar power systems. You can be confident that any work we do for you will be professionally designed, installed and all done using top quality components. Everything will meet (or exceed) industry standards.
