Phone: 1300 658 712

Integra Energy Group is an Australian company that manufactures, wholesales and retails renewable energy products. Integra Energy Group is proud to have supplied thousands of homes with our own designed and manufactured solar panel, Black Max Gen 1 and Black Max Gen 2. The advantage of manufacturing our own panels and other products is to deliver a product with qualities we prefer, instead of relying on third party supplier specifications. In turn this allows us to control all warranties for the convenience of our customers.

Inverter Brands: SolaX

Battery Brands: Solax
