Adelaide, South Australia 4006
Australia

Phone: 1300 074 669

Infinite Energy is one of the leading providers of solar energy systems in Australia for both residential and commercial applications. WA owned and operated with a head office and solar panel test facility located in South Perth, Infinite Energy has installed solar on over 8,000 homes, businesses and government facilities since being founded in 2009. Infinite Energy is committed to delivering cheaper and cleaner energy to Australian homes and businesses through its five major divisions:

- Solar
 - Battery Storage
 - Electricity
 - Embedded Networks
 - Electric Vehicle Chargers
- Notable projects include:
- WA Parliament House (17kW)
 - Curtin University (50kW)
 - UWA Business School (40kW)
 - RAC WA (100kW)
 - Sandalford Wines (100kW)
 - Broadway Fair Shopping Centre (312kW)
 - Sacred Heart College (94kW)
