Absolute Energy Solutions (AES) is a privately owned Australian company with 14 years combined experience in the electrical, solar and air conditioning industry. Our vision is simple: Provide only quality equipment and installation services that meet or exceed our customer's expectations. With branches in Brisbane, Rockhampton, Gold Coast and now on the Central Coast, NSW, we aim to bring quality solar solutions to customers along the east coast. Our comprehensive and reliable service

includes:

- Site inspection and audit.

- Individually tailored solutions suited to your present and future energy needs
- Quality installation workmanship by our own technicians, not subcontractors.
- Affordable finance options
