There has never been a better time to go solar! With rising energy bills and more options to turn to renewable energy sources installing solar panels on your home will not only add value to your home but help reduce your monthly bill cost. Perth Solar Direct will get you the panels you need and want without the costly price. We deal direct with wholesalers and we pass on the savings to you! Same great solar panels, same warranties but a much better price. It gets better! Not only do we make getting solar panels installed on your home easier than ever but we also offer this service to commercial properties as well in addition to our battery storage, solar inverters and solar finance options. We are here to help the people of Perth get their hands on a better solar panel solution.

Inverter Brands: Goodwe
Solar Panel Brands: Hanwha Q-Cells
